

In this volume 8, n. 01 - 2021, the Scientific Journal Revista Vertentes do Direito - RVD brings 21 articles by doctors, phd students, masters, master students, graduates and undergraduates from four Brazilian regions, represented by the following states: North (Amazonas, Tocantins); Northeast (Bahia, Paraíba, Piauí, Rio Grande do Norte); Southeast (Minas Gerais, São Paulo, Rio de Janeiro and Espírito Santo) and South (Paraná).

In addition to the diversity of territorial representation, in this edition the exogenous criteria determined by the CAPES Qualis System, of the Ministry of Education, were met, since 62% of the articles published are from authors outside the State of Tocantins. In this way, we continue to respect and comply with the established parameters, with the firm intention of reaching new and higher levels of RVD assessment.

It is always opportune to reinforce Revista Vertentes do Direito's commitment to scientific quality, which is why RVD is indexed in databases, national and international repositories, as well as being a scientific journal associated with ABEC - Brazilian Association of Scientific Editors.

The Scientific Journal RVD is linked to DOAJ, REDIB, LATINDEX, DIADORIM, SUMMARIAS.ORG, LIVRE, OPENAIRE, GOOGLE SCHOOL, and is also available for search on CAPES PERIODICALS PORTAL.

The final product of each published edition is the result of the confluence of efforts and dedication of a group of people who believe in scientific research, and in the midst of so many adversities experienced in the last year, which abruptly presented us with a “new” way of life, socialize and interact, inserting work activities into our home environment, having at the end of a semester an edition with quality articles such as those that compose this edition is an immense satisfaction for the entire RVD team.

Even in the midst of all this turmoil of the pandemic, RVD has been receiving more works for evaluation every period, it is important to show that our submission flow is continuous, meaning, authors can submit scientific articles, reviews or experience report along the year.

To the Scientific Council, we would like to thank you for your impeccable performance in the preparation, layout and production of this volume, ensuring the maintenance of its academics quality and excellence.

Our special thanks to the students, professors, researchers who send their articles to our Revista Vertentes do Direito motivated by the confidence in our work.
